## STRENGTH

- Specialized trainers for beginners, offering medical and health advice during exercise.
- Private training environment for girls with a female coach.
- Specialized coach available for injury cases.

## WEAKNESS

- Limited financial resources at the moment, which reduces the potential for expansion.
- The academy is currently limited to attracting people only from nearby areas, which restricts its growth potential.
- weak online presence
- weak engagement with the audience
- no website unlike competitor

## OPPORTUNITY

- Increased interest in skateboarding as a sport can drive enrollment.
- Utilizing social media platforms for marketing campaigns to attract younger audiences and promote programs.
- The academy can consider opening branches in other cities to increase its student base.

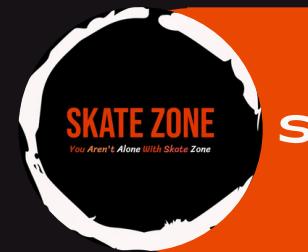

## THREATS

- A reduction in disposable family income may affect spending on non-essential recreational activities like skateboarding
- Fear of injury may deter potential learners, limiting the brand's customer base
